Research Database Specialist

South Central College, a proud member of the Minnesota State System of Colleges and Universities, is currently seeking a talented and strategic **Research Database Specialist** to perform database development and management, and web management for the Office of Research and Institutional Effectiveness. The incumbent is expected to assist in the Executive Director of Research and Institutional Effectiveness in standardizing data field definitions, data entry procedures, and report queries to increase the institution's ability to improve the mining and visualization of data for planning and reporting purposes. This position serves as resource for college stakeholders related to operational data queries, analysis and reporting.
